

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 30, 1996

SUBJECT: **SB 2353**

This bill, if enacted, amends current law requiring hospitals to report to the Department of Health on “community benefits”, such as subsidized care, research costs and donations, provided each year. Hospitals would also be required to notify the public that this report is available as public information.

The fiscal impact from enactment of this bill is estimated to be an increase in state expenditures to maintain the reports. However, such increase cannot be determined but is estimated not to be significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
